Ce symbole, apposé sur le produit ou sur son emballage, indique que ce produit ne doit pas être traité avec les déchets ménagers. Il doit être remis à un point de collecte approprié pour le recyclage des équipements électriques et électroniques :

- dans les points de distribution en cas d'achat d'un équipement équivalent,
- dans les points de collecte mis à votre disposition localement (déchetterie, collecte sélective, etc...).

En s'assurant que ce produit est bien mis au rebut de manière appropriée, vous aiderez à prévenir les conséquences négatives potentielles pour l'environnement et la santé humaine. Le recyclage des matériaux aidera à conserver les ressources naturelles. Pour toute information supplémentaire au sujet du recyclage de ce produit, vous pouvez contacter votre municipalité, votre déchetterie ou le magasin où vous avez acheté le produit.

Directive européenne 2006/66/CE (pour les produits à piles)

Le symbole de la poubelle barrée a la signification suivante:
Les piles et les batteries ne doivent pas être jetées dans les ordures ménagères.
Les consommateurs doivent les apporter à un centre de collecte agréé se trouvant soit dans les commerces, chez les distributeurs ou dans les communes.
Les piles contiennent des matières toxiques et des métaux lourds qui peuvent nuire à l'environnement et à la santé.
Les piles usagées peuvent être recyclées ; elles contiennent de précieux matériaux tels que du fer, du zinc, du manganèse ou du nickel.

	<p>Dear Customer,</p> <p>We would like to thank you for purchasing this Delta Dore product. If you want further information about our warranties, you can go to the following website : www.deltadore.com e-mail : deltagore@deltadore.com</p>
	<p>DELTA DORE, S.A Antoni Borja, nº13 - Semi-sótano - Local 1 y 2 08191 RUBÍ (Barcelona) ☎ : +34 (0)936 996 553</p>

	<p>Warning</p> <ul style="list-style-type: none">The numbered points depend on the product concerned (refer to its guide). Carefully read these instructions prior to installation. The unit must be installed in compliance with currently applicable standards. Always switch off the mains before installing or servicing the unit. Do not attempt to repair the unit yourself; an after-sales service is available. The diagrams provided are simplified for greater clarity. The protective units and other accessories required by the standards are not illustrated. Standards and good practice must be complied with. Connected or nearby equipment must not generate excessive interference (directive 2004/108/CE). Any unconnected wire must be insulated (connecting block). Because of changes in standards and equipment, the characteristics given in the text and the illustrations of this document are not binding unless confirmed by our services.  Check the recommendations made by the lighting manufacturer and take into account transformer output.

Ostrzeżenia

- Numeracja punktów zależy od danego produktu (patrz na jego instrukcję).
- Przed przystąpieniem do montażu należy uważnie przeczytać te instrukcje.
- Urządzenie powinno być zamontowane zgodnie z obowiązującymi normami.
- Przed przystąpieniem do prac należy odłączyć dopływ prądu.
- Nie naprawiać samodzielnie tego urządzenia. Należy skontaktować z usług serwisu posprzedażowego.
- Z obawy o przejrzystość zamieszczone schematy zawierają tylko podstawowe informacje. Nie należy na nich zabezpieczać i innych akcesoriów wymaganych przez normy. Należy przestrzegać norm i zasad sztuki.
- Urządzenia podłączone lub znajdujące się w pobliżu nie mogą być źródłem zbyt dużych zakłóceń (dyrektywy 2004/108/WE).
- Każdy niepodłączony kabel musi być obowiązkowo zainstalowany (kostka).
- Ze względu na zmiany norm i sprzętu, parametry podane w tekście oraz obrazy zawarte w tym dokumencie będą dla nas wiążące dopiero po uzyskaniu potwierdzenia ze strony naszego oddziału.
- !** Należy sprawdzić zalecenia przedstawione przez producenta lamp i wziąć pod uwagę wydajność transformatorów.

Dyrektywa europejska R&TTE 1999/5/WE

Delta Dore oświadcza niniejszym, że sprzęt jest zgodny z zasadniczymi wymaganiami i z odpowiednimi postanowieniami zawartymi w dyrektywie R&TTE 1999/5/WE.

Deklaracja zgodności WE tego sprzętu jest dostępna na prośbę zainteresowanego w :

Dział "Infos techniques"
DELTA DORE - Bonnemain - 35270 Combourg (Francja)
e-mail : info.techniques@deltadore.com

Dane techniczne zgodne z ustawą

Częstość i moc radiowa

- 2** Urządzenie radiowe do zdalnego sterowania
- 3** Sprzęt Alarm Radio
- Częstość radiowa 868 MHz (Norma EN 300 220)
- Sprzęt hertzowski klasy 1 (możliwość wprowadzenia na rynek i użytkowania bez ograniczeń)
- Zasięg radiowy od 100 do 300 metrów w wolnym polu, zmieniający się w zależności od przyspieszenia sprzętu (na zasięg mogą mieć wpływ warunki montażu i środowisko elektryczne)

Bezpieczeństwo elektryczne

- Montaż w środowisku normalnie zainiejszczonym
- 4** Działanie automatyczne typu 1.C (mikro-włazcznik), wyłącznie dla produktów z przekąźnikiem
- Kompatybilność elektromagnetyczna**
- Urządzenie klasy B zgodnie z EN 55022
- 5** Urządzenie może być zaklasyfikowane do klasy A w zależności od typu instalacji i przyporządkowanych urządzeń dodatkowych. **(Ostrzeżenie dla urządzeń klasy A :** W środowisku mieszkaniowym, to urządzenie może powodować zakłócenia radioelektryczne. *W tym przypadku, użytkownik może być poproszony o podjęcie odpowiednich środków.*)

Dyrektywa europejska 2002/96/WE (WEEE)

Utylizacja zużytego sprzętu elektrycznego i elektronicznego (prawo obowiązujące w krajach Unii Europejskiej i innych krajach europejskich stosujących system selektywnej zbiórki odpadów).

Ten symbol umieszczony na produkcie i na opakowaniu oznacza, że produkt nie może być umieszczany wraz z odpadami gospodarczymi. Musi on być oddstawiony do punktu zbiórki wyznaczonego do recyklingu sprzętu elektrycznego i elektronicznego:

- do punktów sprzedaży sprzętu w przypadku nabycia sprzętu tego samego rodzaju

- do lokalnych punktów zbiórki (wysypiska śmieci, punkty selekcji odpadów, itp.)

Umieszczenie produktu w odpowiednim miejscu dla jego utylizacji, przynajmniej do zapobiegania potencjalnym, negatywnym skutkom tego produktu dla środowiska i zdrowia ludzkiego. Recykling surowców pomaga zachować zasoby naturalne. W celu uzyskania dodatkowych informacji na temat recyklingu, należy skontaktować się z władzami lokalnymi, lokalnym wysypiskiem śmieci lub sklepem, w którym produkt został zakupiony.

Dyrektywa europejska 2006/66/WE (dla produktów z zasilaniem na baterie)

Symbol przekreślonego kosza ma następujące znaczenie : Zużyte baterie i akumulatory nie mogą być utylizowane w sposób właściwy dla nie segregowanych odpadów komunalnych lecz należy korzystać z infrastruktury punktów zajmujących się zbieraniem, przetwarzaniem wtórnym i utylizacją takich produktów.

Baterie zawierają materiały toksyczne oraz metale ciężkie, które mają szkodliwy wpływ na środowisko naturalne i zdrowie. Zużyte baterie mogą być poddane recyklingowi; zawierają cenne materiały takie jak żelazo, cynk, mangan czy nikiel.

Geachte klant, wij danken u voor de aankoop van dit Delta Dore product. Voor verdere informatie betreffende onze garanties, kunt u de site www.deltadore.com raadplegen

e-mail : deltadore@deltadore.com

Disclaimers

- De Genummerde punten zijn afhankelijk van het betrokken product (zie de handleiding).
- Lees aandachtig deze handleiding voor de installatie.
- Gestelde normen of installatie volgens de geldende normen.
- Schakel de stroom uit voor een interventie.
- Probeer het toestel niet zelf te repareren. Een dienst na verkoop staat te uwer beschikking.
- Voor alle duidelijkheid dient u de schema's in beginsel te respecteren.
- De beveiligingen en andere accessoires, opgelegd door de normen, worden niet vermeld.
- De normen en de regels van de kunst dienen te worden gerespecteerd.
- Het is van belang dat de verbonden toestellen of toestellen in de omgeving geen al te sterke storingen veroorzaken (richtlijnjen 2004/108/EG)
- Alle niet-aangesloten kabels moeten worden geïsoleerd (aansluitsteentje).
- Wegens de evolutie van de normen en van het materiaal veranderen de kenmerken, zoals aangegeven in de teksten en afbeeldingen van dit document, ons pas na bevestiging door onze diensten.
- !** Controleer de aanbevelingen van de lampenfabrikant en hou rekening mee met de obengsten van transformators.

Europeesce richtlijn R&TTE 1999/5/EG

Middels onderhavige verklaart Delta Dore dat de apparatuur voldoet aan de belangrijkste eisen en andere verplichte bepalingen van de R&TTE 1999/5/EG De EG conformiteitsverklaring van deze apparatuur is op verzoek verkrijgbaar bij:

Service "Technische Informatie"
DELTA DORE - Bonnemain - 35270 Combourg (Frankrijk)
e-mail : info.techniques@deltadore.com

Technische voorschriften

Radiofrequentie

- 2** Radiogestuurde afstandsbediening
- 3** Radioalarmapparatuur
- Radiofrequentie 868 MHz (Norm EN 300 220)
- Hertzien Klasse 1 apparatuur (kan zonder beperkingen op de markt gezet en in gebruik genomen worden)
- Bereik van 100 tot 300 meter in vrij veld, naargelang de verbonden toestellen (het bereik kan gewijzigd zijn omwille van de omstandigheden van de installatie en van de elektromagnetische omgeving)

Elektrische veiligheid

- Installatie bij normale omgevingsvervuiling
- 4** Automatische werking type 1.C (micro-onderbreking), enkel voor toestellen met een relais

Elektromagnetische verenigbaarheid

- Klasse B apparaat volgens EN 55022
- 5** Apparaat dat als klasse A geklasserd kan worden volgens de gemakkelikheden en bijhorende accessoires **(Klasse A geluidsvuwtligting:** In de huisomgeving kan dit product radiostoring veroorzaken. *In dit geval kan de gebruiker gevraagd zijn om passende maatregelen te nemen).*

Europeesce richtlijn 2002/96/EG (AEEA)

Behandeling van elektrische en elektronische apparaten aan het eind van hun levensduur (van toepassing in de landen van de Europese Unie en in andere Europese landen die beschikken over een gescheiden afvalverzamelingsstysteem).

Dit symbool, dat u terugvindt op het product of op de verpakking, geeft aan dat dit product niet mag worden weggegooid met het huishoudelijk afval. Het moet worden afgegeven bij een hiervoor geschikt recyclingpunt voor elektrische en elektronische apparatuur: - bij uw verkooppunt wanneer u een nieuw, vergelijkbaar artikel aanschaft,

- bij uw lokale inzamelingspunt (afvalinzameling, gescheiden afvalverwerking, enz...)

Door de afval van dit product op de juiste manier te laten verwerken, helpt u bij de bescherming van het milieu en de volksgesondheid. Het recycelen van materialen helpt natuurlijke bronnen te beschermen. Voor meer informatie over het recycelen van dit product, kunt u contact opnemen met uw gemeente, uw afvalinzamelingspunt, of de winkel waar u het product heeft gekocht.

Europeesce richtlijn 2006/66/EG (voor toestellen op batterijen)

Het symbool met de doorstreepte afvalcontainer op wijstjes heeft de volgende betekenis: De batterijen mogen niet bij het huishouden worden gedaan.

De consument moet ze naar een erkend inzamelpunt brengen in een handelszaak, bij een verdeler of bij de gemeente.

Batterijen bevatten giftige stoffen en zware metalen die schadelijk zijn voor het milieu en voor de gezondheid.

Gebruikte batterijen kunnen gerecycled worden.

Ze bevatten waardevolle materialen zoals ijzer, zink, mangaan en nikkel.

Vážení zákazníci, děkujeme vám, že jste si pořídili tento výrobek Delta Dore. Podrobnější informace o našich zárukách najdete na stránkách www.deltadore.com
e-mail : deltadore@deltadore.com

Upozornění

- Body označené číslem se vztahují na uvedení výrobek (viz příslušná poznámka).
- Před jakoukoliv instalací si přečtěte pozorně toto poučení.
- Přístroj musí být namontován podle platných norem.
- Před jakýmkoliv zásahem vyptně proud.
- Nepokoušejte se demontovat nebo opravovat tento přístroj sami, poprodejní servis je tu pro vás.
- Z důvodu přehlednosti je nutné zachovat realizovaný princip zapojení. Nejsou v něm uvedeny pojistky a jiná příslušenství vyžadovaná normami. Musí být dodržovány normy a pravidla oboru.
- Je nutné, aby připojená nebo okolo ní zajištěná nevytvářela příliš silné rušení (směrnice 2004/108/ES)
- Každý nepřipojený vodič musí být povinně izolován (domino).
- Z důvodu vývoje norem a zařízení našeho zařízení nás upozorní vyzádaná normami. Tímto dokumentu zavazují pouze po schválení našimi odděleními
- Věnujte pozornost doporučením výrobce lamp a zohledněte výkon transformátorů.

Evropská směrnice R&TTE 1999/5/ES

Tímto Dore prohlašuje, že zařízení vyhovuje hlavním požadavkům a jímým náležitým ustanovením směrnice R&TTE 1999/5/ES. Prohlášení o shodě CE k tomuto zařízení je k dispozici na vyžádání u:

Oddělení "Infos techniques" (technických informací)
DELTA DORE - Bonnemain - 35270 Combourg (Francie)
e-mail : info.techniques@deltadore.com

Povinné udávané charakteristiky

Radiofrekvence

- 2** Zařízení dálkového ovládání
- 3** Buzení rádiem zařízen
- Kmitočet dálkového ovládání 868 MHz (Norma EN 300 220)
- Vysílací rádiové zařízení třídy 1 (může být uvedeno na trh a do provozu bez omezení)
- Dosah vysíláče 100 až 300 metrů ve volném prostoru se mění podle připojených zařízení (dosah může být ovlivněn podmínkami instalace elektromagnetickým prostředím)

Elektrická bezpečnost

- Instalace v obvykle znečištěném prostředí
- 4** Automatická akce typu 1 C (krátké přerušení), pouze pro výrobky s relé

Elektromagnetická kompatibilita

- Zařízení třídy B podle EN 55022
- 5** Zařízení lze zakřít do třídy A podle způsobu zapojení a podle přidavných zařízení. **(Upozornění pro zařízení třídy A: V obydljních oblastech může toto zařízení způsobit radioelektrické rušení. V tomto případě by mohli být uživatel požádán, aby učinil potřebná opatření.)**

Evropská směrnice 2002/96/ES (OEEZ)

Recyklače elektrických a elektronických zařízení po skončení jejich technické životnosti (platí v zemích Evropské unie a v jiných evropských zemích, kde je zaveden systém tříděného odpadu).

Tento symbol, nalepený na výrobku nebo jeho obalu, naznačuje, že výrobek nesmí být likvidován s domovním odpadem. Je nutné jej předat na místo zpětného odběru, určené pro recyklaci elektrických a elektronických zařízení:

- v místě prodeje v případě nákupu ekvivalentního zařízení
- v místě zpětného odběru, které má k dispozici v daném městě (sběrný dvůr, třídný odpad atd...)

Tím, že se ujistíte, že byl tento výrobek správným způsobem řádně předán k likvidaci, pomůžete zabránit možným negativním dopadům na životní prostředí a zdraví osob. Recyklače materiálů pomáhá zachovat přírodní zdroje.

Jakékoliv další informace o recyklaci tohoto výrobku získáte na svém obecním úřadě, ve sběrné odpadu nebo v obchodě, kde jste výrobek zakoupili.

Evropská směrnice 2006/66/ES (o bateriích a akumulátorech)

Symbol přeškrtnutého odpadního koše má následující význam : Člásky a baterie nesmí být odhazovány do domovního odpadu. Jakékoliv další informace o recyklaci tohoto výrobku získáte na svém obecním úřadě, ve sběrné odpadu nebo v obchodě, kde jste výrobek zakoupili.

Člásky obsahují toxické látky a těžké kovy, které mohou škodit životnímu prostředí a zdraví. Použitě člásky lze recyklovat; obsahují cenné látky, jako železo, zinek, mangan nebo nikl.

SV

Kära kund, tack för att du köpt den här Delta Dore-produkten. Du hittar detaljerad information om våra produkters garantier på webbplatsen www.deltadore.com

e-mail : deltadore@deltadore.com

Friskrivningar

- De numererade punkterna nedan är beroende av vilken produkt denna info gäller (se manualen).
- Läs dessa anvisningar noggrant före installationen.
- Enheten måste installeras i enlighet med gällandestandarder.
- Slå alltid från huvudströmmen före installation eller service av enheten.
- Försök inte att plöcka isär eller reparera enheten på egen hand, utan kontakta kundservice.
- Förekommade diagram har förenklat för tydlighets skull. De skyddande enheterna och andra tillbehör som krävs enligt standarderna illustreras inte. Standarder och praxis måste följas. Ansluten ellernärbelägen utrustning får inte generera för kraftiga störningar (direktiv 2004/108/EG).
- Alla ledningar som inte är anslutna, måste obligatoriskt isoleras (domino)
- På grund av ändringar av standarder och utrustning är inte de egenskaper som anges i text och bilder i det här dokumentet bindande såvida de inte bekräftas av oss.
- !** Kontrollera lampfilterkarnens rekommendationer och ta hänsyn till transformatorernas prestanda.

EU-direktiv R&TTE 1999/5/EG

Delta Dore försäkrar härmed att utrustningen uppfyller grundläggande krav och andra relevanta bestämmelser i R&TE-direktivet 1999/5/EC. Deklarationen om CE-konformitet för denna utrustning finns tillgänglig på begäran från:

Avdeleningen "Teknisk info"
DELTA DORE - Bonnemain - 35270 Combourg (France)
e-mail : info.techniques@deltadore.com

Tekniska egenskaper

Radiofrekvens

- 2** Fjärrkontroll
- 3** Radio larmutrustning
- Radiofrekvens 868 MHz (standard EN 300 220)
- Radioutrustning klass 1 (kan säljas och användas utan begränsningar)
- Räckvidden varierar från 100 till 300 meter vid fri sikt beroende på vilken utrustning som anslutits (räckvidden kan påverkas av hur installationen gjorts samt av elektromagnetism i omgivningen).
- Elsäkerhet**
- Installation i normalt förenad miljö
- 4** Automatik av typ 1 C (mikro-avbrott), endast för relä-produkter

EMC (elektromagnetisk kompatibilitet)

- Utrustning av klass B i enlighet med EN 55022
- 5** Beroende på installation och kringutrustning så kan utrustningen klassas som A *(A: I bostadsmiljö kan denna produkt orsaka radiostörningar,och det kan då hända att användaren ombes vilda lämpligaåtgärder).*

EU-direktiv 2002/96/EG (WEEE)

Sluthantering av elektrisk och elektronisk utrustning (gäller i Europeiska unionens länder och andra europeiska länder med separat insamlingsystem).

Denna symbol på produkten eller dess förpackning anger att produkten inte ska hanteras som hushållsavfall.

Den skall överlämnas till en uppsamlingsplats för återvinning av elektrisk och elektronisk utrustning :

- affärer där liknade produkter säljs,
- lokala insamlingsplatser för återvinning (återvinningscentraler etc...).
- Genom att säkerställa att produkten sluthanteras på lämpligt sätt, bidrar du till att hindra eventuella negativa effekter på miljö och säkerhet.
- Återvinning hjälper också till att spara våra naturressurser.
- För ytterligare information om återvinning av denna produkt, kontakta din kommun, din återvinningscentral eller affären där du köpte produkten.

EU-direktiv 2006/66/EG (för batteridrivna produkter)

Symbolen med den överkryssade sopptunnan har följande innebörd: Energiceller och batterier får inte kastas i hushållssopporna. Konsumenterna bör ta dem till ett uppsamlingsställe antingen i butik, hos återför-säljare eller hos kommunen. Batterier innehåller giftiga ämnen och tungmetaller som kan skada miljö och hälsa. Använda batterier kan återvinnas. De innehåller värdefulla material som järn, zink, mangan eller nickel.

DA

Kære kunde, Tak fordi du har købt dette Delta Dore-produkt. På vores websted www.deltadore.com kan du få flere oplysninger om vores garantier.

e-mail : deltadore@deltadore.com

Meddelelser

- De nummererede punkter afhænger af det pågældende produkt (se meddelelsen).
- Læs denne meddelelse nøje igennem, før enhver installation udføres.
- Apparatet skal installeres i henhold til gældende installationsregler.
- Strømmen skal afbrydes, før enhver reparation udføres.
- Forsøg ikke på at afmontere eller reparere dette apparat selv. Vores kundeservice står til rådighed til formålet.
- Af klarhedshensyn skal de eksisterende diagrammer overholdes i deres princip. Der kræves ikke andre beskyttelses for endet tilbehør i henhold til standarder. Standarderne og reglerne for god praksis skal altid overholdes.
- Tilsluttede apparater eller andre apparater i nærheden må ikke udgive for store forstyrrelser (direktiv 2004/108/EF).
- Alle ikke-forbundne ledninger skal isoleres (domino).
- På grund af en løbende udvikling af standarder og udstyr forpligter egenskaberne, der er angivet i teksten og billederne i nærværende dokument, os først efter vores bekræftelse.
- !** Sørg for at følge fabrikantens anbefalinger for lamperne, og tag højde for transformatorernes virkningsgrad.

Europa-Parlamentets og Rådets direktiv R&TTE 1999/5/EF

Herved erklærer Delta Dore, at udstyret er i overensstemmelse med de væsentligste krav og andre bestemmelser vedrørende direktiv 1999/5/EF om radio- og teleterminaludstyr.

EF-overensstemmelseserklæringen for dette udstyr er til rådighed på anmodning herom hos :

"Infoteknisk service"
DELTA DORE - Bonnemain - 35270 Combourg (Frankrig)
e-mail : info.techniques@deltadore.com

Lovmæssige karakteristika

Radiofrekvens

- 2** Fjernstringsanordning
- 3** Radio alarमुदstyr
- Radiofrekvens 868 MHz (EN-standard 300 220)
- Hertz-udstyr af klasse 1 (kan indføres på markedet og implementeres uden begrænsninger)
- Radio med rækkevidde på 100-300 m i variabelt frifelt i egenskab af tilknyttet udstyr (rækkevidden kan ændres i egenskab af installationsbetingelserne og de elektromagnetiske omgivelser)

Elektrisk sikring

- Installation i et miljø, som normalt er forurenset
- 4** Automatisk handling type 1.C (mikroafbrydelse), kun for relæprodukter

Elektromagnetisk kompatibilitet

- Apparat i klasse B i henhold til EN-standard 55022
- 5** Apparat, der kan klassificeres som værende i klasse A i egenskab af tilknyttede installationer og tilbehør. *(Advarsel for apparater i klasse A: I boligbygghedsomgivelser kan dette apparat forårsage radiointerferens. I så fald skal brugeren muligvis tage relevante forholdsregler).*

Europa-Parlamentets og Rådets direktiv 2002/96/EF (DEEE)

Behandling af elektriske og elektroniske apparater efter endt levetid (gældende i EU's medlemsstater og andre lande med affaldsortering).

Dette symbol, som er påført produktet eller produktets emballage, angiver, at produktet ikke må bortskaffes sammen med almindeligt husholdningsaffald. Det skal afleveres hos genbrugspladsen til genanvendelse af elektrisk og elektronisk udstyr:

- På distributionsstedet, hvis der købes nyt udstyr til erstating herfor,
- På den lokale genbrugsstation (containingafaldsplads, indsamlng af sorteret affald osv).
- Ved at sikre, at dette produkt bortskaffes korrekt, er du med til at forebygge eventuelle negative følger på miljøet og menneskes sundhed. Materialgenvindingen er med til at bevare naturressourcerne.

Kontakt Pådhuset eller renovationselskabet for eventuelle supplerende oplysninger om genanvendelse af dette produkt. Du kan også kontakte det sted, hvor du købte produktet.

Europa-Parlamentets og Rådets direktiv 2006/66/EF (for produkter med batterier)

Symbolet af affaldsspanden med et kryds hen over betyder følgende: Batterier af enhver art må ikke bortskaffes sammen med husholdningsaffaldet. Forbrugere skal bortskaffe disse på genbrugspladsen eller et andet sted, som kommunen har angivet eller i bestemte butikker eller hos forhandlerne.

Batterier indeholder giftige materialer og tungmetaller, som kan påvirke miljøet og sundheden. Brugte batterier kan genanvendes. De indeholder vigtige materialer såsom jern, zink, mangan eller nikkel.

NO

Kjære kunde, takk for at du har kjøpt dette Delta Dore-produktet. For mer utførlig informasjon om våre garantier, kan du se websiden www.deltadore.com

e-mail : deltadore@deltadore.com

Advarsel

- De nummererte punktene tilsvare gjeldende produkt (se produktets anvisning).
- Les denne veiledningen grundig før enhver montering.
- Apparatet må monteres i henhold til de gjeldende normene.
- Før etter innpreg må strømmen avbrytes.
- Ikke forsøk å demontere eller reparere dette apparatet selv, men ta kontakt med kunde-service.
- Av hensyn til klarhet, kan de opprinnelige skjemaene skaffes.
- Her er ikke beskyttelsesutstyr og annet tilbehør som er påkrevd i henhold til standardene med.
- Standardene og forskriftene må overholdes.
- Det er nødvendig at tilkoblede eller omkringværende apparater ikke produserer for kraftige rystelser (direktiv 2004/108/CE).
- Enhver tråd som ikke er forbinet må være isolert (domino).
- På grunn av utviklingen av standardene og utstyret, er karakteristikkene i denne teksten og bildene i dette dokumentet kun bindende etter bekræftelse fra vår kundeservice.
- !** Les anbefalingene fra produsenten av lampene, og ta hensyn til transformatorens ytelse.

Europeisk direktiv R&TTE 1999/5/EC

Med dette erklærer Delta Dore at utstyret er i overensstemmelse med alle krav og andre forholdsregler som er relevante for direktivet R&TTE 1999/5/CE. EF-konformitetserklæringen for dette utstyret er tilgjengelig på forespørsel hos :

Tjenesten «Tekniske opplysninger»
DELTA DORE - Bonnemain - 35270 Combourg (Frankrike)
e-mail : info.techniques@deltadore.com

Fastsatte karakteristikker

Radiofrekvens

- 2** Radiostyrt mekanisme
- 3** Radio larmutrustning
- Radiofrekvens 868 MHz (standard EN 300 220)
- Radioutstyr klasse 1 (kan selles ut på markedet og tas i bruk uten restriksjoner)
- Radiorækkevidde på 100 til 300 meter ved fri luftbane, avhengig av tilknyttet utstyr (rækkevidden kan bli påvirket av monteringsforhold og det elektromagnetiske miljøet)

Elektrisk sikkerhet

- Montering i miljø med normal forurensningsgrad
- 4** Automatisk handling type 1.C (micro-interruption), kun for reléprodukter.

Elektromagnetisk kompatibilitet

- Apparat i klasse B i henhold til EN 55022
- 5** Apparatet kan klassifiseres i klasse A avhengig av til
